County, MD
Distribution List: elktonplanner@comcast.net, lewisgeorge@comcast.net,
Charlie Fitzsimmons/ESC/R3/USEPA/US@EPA

Dear Ms. Minner,

My name is Wendy Jastremski and I am the assigned EPA Community Involvement Coordinator (CIC) for the removal action at Elkton Farms. I heard from Charlie that you visited the site this week, and I wanted to make contact with you and introduce myself. As you requested, I have now added you to the EPA mailing list for the site. Attached is a copy of the latest fact sheet, sent out in January. It is a Microsoft Powerpoint file; let me know if you can't open it and I will send you a hard copy. Feel free to contact me about the site at any time.

Here is the website for the most current site information:

Dear Mr. George,

My name is Wendy Jastremski and I am the assigned EPA Community Involvement Coordinator (CIC) for the removal action at Zeitler Road. I heard from Charlie that you visited the site this week, and I wanted to make contact with you and let you know that I am available to you. I did mail you a fact sheet in January; did you receive it? I will attach it to this email (it is a Microsoft Powerpoint file). I have now

ORIGINAL

added Jeanne Minner to the EPA mailing list for the site; you were already on my list. As the CIC for the site, I take care of maintaining the mailing list, drafting updates and sending them out. Charlie and I have also gone door-to-door to the immediate neighbors (on Zeitler and Herron Lane) to make them aware of our cleanup activities at the site, both in January and last June. If at any time you would like a meeting with EPA to discuss our cleanup at the site, please contact me and we can arrange something to meet your needs.
